

MUHAMMADSAHAL THAKOR

Computer Engineer

Anand, Gujarat, India | +91 9313193816 | sahalthakor598@gmail.com

LinkedIn: <https://www.linkedin.com/in/muhammadsahalthakor>

GitHub: <https://github.com/sahalthakor28>

Portfolio: <https://sahalthakor28.github.io/portfolio1/>

PROFESSIONAL SUMMARY

Computer Engineering graduate with hands-on experience in data analysis, ERP development, Python, SQL, and machine learning. Skilled in collecting, cleaning, transforming, and analyzing data to generate meaningful insights. Experienced with Pandas, NumPy, SQL, data visualization, and machine learning techniques, along with web and ERP technologies. Strong foundation in developing data-driven applications, database solutions, reports, and analytical tools. Interested in applying technical and analytical skills to solve real-world business problems and support data-driven decision-making.

TECHNICAL SKILLS

Data Analysis: Python, Pandas, NumPy, Data Cleaning, Data Preprocessing, Exploratory Data Analysis

Data Visualization: Matplotlib, Charts, Reports, Data Visualization

Programming: Python, Java, JavaScript, HTML5, CSS3

Database: SQL, MySQL, SQLite, Database Management, Query Development

Machine Learning: Scikit-learn, Classification, Regression, Feature Engineering, Model Evaluation

Web Development: Django, HTML, CSS, JavaScript, REST APIs, AJAX

ERP & Business Applications: ERPNext, Frappe, ERP Development, Data Management, Reports, Workflows

Tools: Git, GitHub, Visual Studio Code, Android Studio, Jupyter Notebook

Cloud & Other: AWS, Artificial Intelligence, Data Analysis

PROFESSIONAL EXPERIENCE

National Dairy Development Board | Gujarat, India

ERP Developer

- Worked on ERP-based applications and data-driven business processes.
- Developed and customized ERP functionality using Python, JavaScript, Frappe/ERPNext, HTML, CSS, and SQL.
- Worked with structured business data and database-driven applications.
- Developed customized forms, reports, filters, validations, and workflows.
- Created reporting functionality to make business information easier to access and analyze.
- Troubleshoot application and database issues and implemented solutions based on business requirements.

Tech Elecon | Gujarat, India

Data Analyst

- Worked with structured datasets for data preparation, analysis, and reporting.
- Used Python, Pandas, NumPy, and SQL for data processing and analysis.
- Performed data cleaning and transformation to improve data quality.
- Analyzed datasets to identify patterns, trends, and useful information.
- Created analytical reports and visualizations to communicate data findings.
- Worked with database queries to retrieve, organize, and analyze relevant information.

PROJECTS

ERP Data Management & Reporting System

Technologies: Python | Frappe/ERPNext | JavaScript | SQL

- Developed ERP-based functionality for managing structured business information.
- Created customized forms, validations, filters, and reports.
- Worked with database-driven workflows and data management.
- Developed reporting features for easier analysis of business information.

Car Price Prediction

Technologies: Python | Pandas | NumPy | Scikit-learn | Machine Learning

- Developed a machine learning solution for predicting vehicle prices from relevant features.
- Performed data cleaning, preprocessing, and feature preparation.
- Used Python libraries including Pandas and NumPy for data analysis.
- Trained and evaluated machine learning models for price prediction.

Intrusion Detection System

Technologies: Python | Machine Learning | Data Analysis

- Developed a machine learning-based system for identifying suspicious network activity.
- Performed data preprocessing and feature preparation.
- Applied classification techniques to distinguish normal and suspicious activities.
- Analyzed model results to evaluate detection performance.

EDUCATION

Bachelor of Engineering — Computer Engineering

CVM University, Gujarat | 2021 – 2025

Completed Computer Engineering with academic exposure to:

Data Structures | Database Management Systems | Machine Learning | Artificial Intelligence | Web Development | Computer Networks | Software Engineering

CERTIFICATIONS

- Machine Learning
- Web Development
- DevOps — Coursera

ADDITIONAL SKILLS

Analytical Thinking | Problem Solving | Data Interpretation | Communication | Teamwork | Quick Learning | Technical Documentation
